Coronavirus (COVID-19) Information and Resources

Facebook/Constant Contact Press Release

Last week on March 14, 2020, Governor Kemp signed an [executive order](#) declaring a Public Health State of Emergency for Novel Virus (COVID-19). This order facilitates the disbursement of resources to emergency management officials in order to mitigate the spread of COVID-19.

In the interest of protecting our community, the Lincolnton-Lincoln County Chamber of Commerce and Welcome Center building is temporarily restricted to the public until further notice. If you need to speak with us or need information, please call our office first at (706) 359-6512. For Facebook and/or [email](#) inquiries, please allow 24-48 hours for a response.

As of this posting, we are already witnessing the resilience and compassion of the Lincoln County community in this time of crisis.

Our Board has gathered an initial list of resources and services for both local businesses and the community at large. Please continue to monitor updates and closures in our area.

This Facebook page will be updated with resources as they become available. If you would like to share with our community any resources or services that may be helpful, please email us or correspond via our Facebook page.

Our prayers are with Lincoln County, our state, our nation and global community.
